# UX and Accessibility

Our UX and Accessibility services is powered by a legacy of cross-domain knowledge and integrated design thinking. We assist in creating product experiences that leave a lasting impression in the minds of customers.

## What we offer

### Digital channel assessment and omnichannel readiness

We work with you to evaluate and finalize your cross-channel capabilities and enable cohesive product experiences for customers.

- ▶ Empower readiness by making impactful digital transformation investments
- ▶ Use audience segmentation insights to measure omnichannel alignment
- ▶ Define an organizational culture of digital governance

### Localization and language optimization

We deliver localization and translation services to address targeted user groups with accuracy, security and scalability.

- ▶ Offer memorable product experiences, no matter the language, culture or location
- ▶ Establish your presence in a new market segment with customized multilingual content
- ▶ Maintain consistency in messaging globally

## Why choose us

1

Deploy Sprint-To-Design model to boost speed of development

2

Access quick wireframes to simulate interaction scenarios and create the right task flows

3

Leverage user research and usability testing for advanced UX evaluation

4

Get actionable insights with tangible UX recommendations and insights

### Dynamic user interfaces

We offer process-driven and result-oriented user interfaces to improve every facet of user-product interaction.

- ▶ Bring design to life cognitively with deep-slice prototypes
- ▶ Map out interface flow, navigation and functionality
- ▶ Allow users to smartly create their own preferred experiences

### Assistive technology compatibility testing

We test your product experiences for their compatibility with assistive technology to make sure that no user gets left behind.

- ▶ Determine the text matrix of assistive technology
- ▶ Check for accessibility vulnerability and take corrective measures
- ▶ Achieve overall accessibility for achieving compliance

### Responsive service and visual design

We give you the power to enable greater customer outreach and engagement through responsive user-centric designs.

- ▶ Adopt a user-centric approach based on behavioral patterns to drive design decisions
- ▶ Get the right blend of data science, user accessibility, and visual aesthetics
- ▶ Create unified and purposeful product journeys for customers
